

LOOKS LIKE BECKHAM.
(The Pineville Sun.)
Congressman Stanley denies that he is about to withdraw from the race for United States Senator. A Washington dispatch says that reports keep coming to the Capital that he'll quit the race. The whisky interests who seem to be backing Stanley are the mill stone about his neck. All indications point to the nomination of ex-Governor Beckham.

THE TRUTH about PAINT

The value of paint can only be measured by the length of satisfactory service it gives. A building painted with Keg Lead and Oil Hand-mixed Paint or ordinary ready-mixed paint never looks well, and the results from this class of paint are never satisfactory. In a short while your property will look as if it had not been painted for years. To use cheap paint is a waste of both paint and labor. Don't waste your money on unknown, untested brands. Remember, painting is an investment, not an expense—therefore use the paint that stood the test of time—

HOW TO KEEP ACTIVE
When Old Age Overtakes Us.
Mrs. John Widmayer of Jackson, Mich., says: "Although 69 years of age, and naturally, because of my advanced age, in an enfeebled condition, I can truthfully say that Vinol has done wonders to keep me as active as I am. It is the best medicine to create strength that I ever saw. This spring I was very much run down and worn out but I took Vinol and soon felt stronger and able to work about the house. I can recommend Vinol as a very invigorating tonic."

Should the system get run down—digestive organs weak—the blood thin and sluggish—take Vinol, which is a delicious combination of the medicinal—body-building properties of cods' livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength creators in the world for aged people.

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction. J. C. Peacor, Druggist, Maysville, Ky.

P. S.—If you have any skin trouble try Saxo Salve. We guarantee it.

NAMES FOR CORN.
Although it is universally admitted that the true home and cradle of maize or corn is in America, it is now grown in all sorts of foreign lands and has a great many names.
The plant with its succulent ears sometimes called giant grass is called by botanists zea mays. In Great Britain it takes the names of maize, or Indian corn; in Holland and Hungary it is called Turkish wheat, and in Egypt, Syrian durra. In the South African colonies it is known as mealies.

SEA'S ANNUAL TOLL.
(Indianapolis News.)
In spite of better construction more accurate charts and the continued improvements of lighthouse service, the sea still takes an enormous annual toll in property and lives.
The marine disasters of 1913 amounted in money value to \$35,000,000, in British insured ships and cargoes that were totally lost. On the great lakes alone the storm of last November rolled up a loss of \$4,700,000.
The above figures do not include damage to ships and cargoes that were not total losses; for these, the damage amounted to more than \$30,000,000.

IMPORTANT SPEECH
To Be Made By President Before Associated Press.
Washington.—Announcement was made at the White House that President Wilson had accepted an invitation to speak April 21 at a luncheon at the annual meeting of the Associated Press in New York City. Secretary Tamm said the President had not yet decided what subject he would discuss, but that he would make an important speech.
It is the first invitation the President has accepted for a speech outside of Washington, since he went to Mobile last October to attend the Southern Commercial Congress.
